Dear Ms. Ioffe:

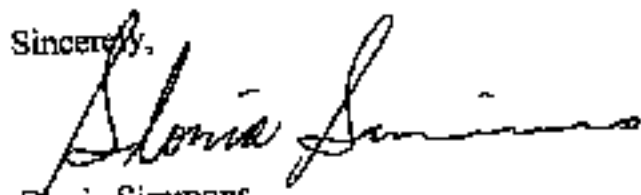

This letter is in response to your request for additional information of the April Quarterly Report (1/1/00-3/31/00).

Alvin Brown did not redesignate his contribution within the 60-day time period, therefore the Committee has refunded his contribution. Please see the Committee's next report for this refund. And due to a typographical error, the contribution from Hoyer for Congress was marked as a primary election contribution. In fact, the donor had designated this contribution to the 2000 General Election on the face of the check. Please see the attached amended Schedule A, which corrects the error.

Please feel free to contact the Committee if you need any additional information.

Thank you.

Sincerely,

Gloria Simmons
